ON-ICE PROGRAM

Our instructors have been chosen for their hockey skills and their ability to pass on these skills to the players.

This is a progressive program stressing fundamentals and confidence building while striving to improve players ability. By grouping the players according to age and skill level, the drills can be catered to match the abilities of the group.

Each group will have two instructors, one to lead the group and both to provide individual help.

Off-ice activities and supervision
Players are fully supervised from the time they arrive at the arena until they are picked up at the end of the day.

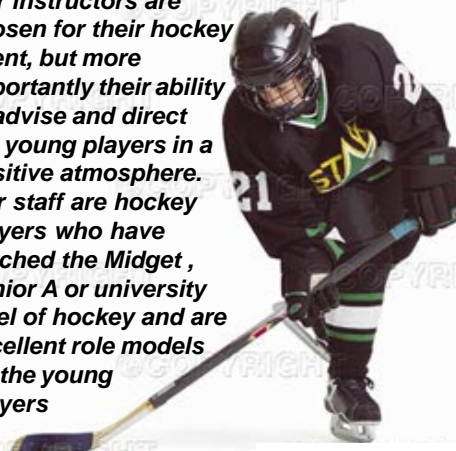

By offering them the maximum amount of ice time, there off-ice time is minimal.

Morning session will consist of shooting drills, dryland training, videos & chalk-talks.

Afternoon session may include ball hockey, soccer, or hockey videos.

Our instructors are chosen for their hockey talent, but more importantly their ability to advise and direct the young players in a positive atmosphere. Our staff are hockey players who have reached the Midget, Junior A or university level of hockey and are excellent role models for the young players
